

Business plans are also regularly needed to support finance applications, especially bank lending.

We can assist with all aspects of the business plan including...

- Business strategy and goal setting;
- Budgets;
- Cash flow forecasts;
- Profit forecasts;

All written elements of the plan such as business background, marketing plan, SWOT analysis, markets, competition and all of the other key elements that need presenting in the most suitable way to lenders.

After you've produced the plan, you need to monitor how you are doing against the plan and we can help you with this.
